SLOVAK SPORTS ASSOCIATION FOR THE DISABLED

SLOVAK ABILITYSPORT YOUTH GAMES
2025

1. GENERAL CHARACTERISTICS

The sports games for the disabled youth are organized by the **Slovak Sports Association for the Disabled**, which serves as the national representative for disability sports in Slovakia. It is a member of the **Slovak Paralympic Committee** as well as international sports organizations such as **World Abilitysport, BISFed, IWBF, and World ParaVolley**.

Games introduce a new format of a sports event, providing young and aspiring athletes with an inspiring competition space and a healthy sporting confrontation. These attributes are crucial for their development, especially since opportunities to compete at an international level can be hard to find.

In 2022 and 2023, the games were held at the national level. However, in 2024, they evolved into an international event, featuring competitions in 6 sports and welcoming over 200 participants. In addition to Slovak athletes, competitors from the Czech Republic, Poland, and Hungary also took part. To reflect its international character, the event was renamed in 2024 to the Slovak Abilitysport Youth Games, inspired by the ideas of the organization World Abilitysport. The games continue to be hosted in the town of Dolný Kubín, which, aside from its stunning natural surroundings, offers excellent sports infrastructure and strong organizational support. With these elements combined and the enthusiasm of the organizers, it is almost certain that the games will once again be a truly remarkable sporting experience in 2025!
